

AZ Odyssey State Tournament COVID Precautions

Please reassure all involved that we will have the tournament as planned. The school is following all the protocols that our district has in place and will be cleaner than many other places you might encounter.

We are also going to have hand sanitizer for teams as they enter spontaneous and as they leave spontaneous.

We have tons of well stocked bathrooms throughout the campus and multiple custodians will be refilling towels and soap throughout the day.

That being said, if you have your own hand sanitizer bring it.

Here is the information on how our district is addressing the COVID issue.
