A Brief History from the Odyssey of the Mind

(from www.odysseyofthemind.com)

The Odyssey of the Mind has its roots in the Industrial Design classes of Dr. Sam Micklus, Odyssey of the Mind founder. As a professor at Rowan University in New Jersey (formerly Glassboro State College) Dr. Micklus challenged his students to create vehicles without wheels, mechanical pie throwers and flotation devices that would take them across a course on a lake. He evaluated them not on the success of their solutions, but on the ingenuity applied and the risk involved in trying something new and different. Students had fun. Word spread and the students' activities attracted attention from the local media. Soon, people on the outside wanted a part of the action. This public interest led to the development of a creative problem-solving competition for school children. The Odyssey of the Mind was on its way. Since then, Dr. Micklus's life has been happily consumed with developing problems for other people to solve. His rewards are in the joy and pride of the millions of participants who rise to the challenge of solving those problems.

March 5, 2022
San Tan Charter High School
Welcome to our Tournament!

Welcome team members, coaches, parents, and guests to the 2022 Central Regional Tournament of Arizona Odyssey of the Mind. We are excited to have you here today.

A tournament of this size would not be possible without the dedicated commitment of the coaches, school administrators, teachers and other volunteers. My deepest thanks and appreciation go out to you.

And, of course, none of this would be possible without the team members themselves. I hope your odyssey has been a fun, challenging and learning experience. The skills you learn and develop through Odyssey of the Mind are skills you will use throughout your life.

Today's tournament is the culmination of months of hard work. No matter how you place in today's competition, you are all winners. You have joined an elite group of creative thinkers. Some of you will qualify to go on to the state competition on **March 26, 2022 at Canyon Del Oro High School in Tucson**. Between now and then, spend your time working on improving your performance, style and spontaneous. Look carefully at your scores and see how you can improve them. Continue to read your problem closely and check for general clarifications. Teams who place first or second at State Tournament will qualify to go to World Finals at Michigan State University.

Good Luck and Have Fun! ☺
